

EARLY CHILDHOOD DEVELOPMENT

Created with input from child development and inclusive play experts, Our Town ensures that everyone is welcome. Our Town was designed specifically for children 2-5 years old (CSA 18mo-5 yr) and there's something for everyone—typically developing children, children with disabilities, and parents and caregivers. Our Town supports all six stages of play, encouraging children to advance from unoccupied to cooperative play at their own pace. The open design of Our Town makes it very accessible and easy to supervise children at play.
